The appearance of the product is slightly different due to different versions, please refer to the actual product, the picture is for illustration only

## Please read this instructions carefully and safe-keeping

NOTE:

Do not disassemble the device by yourself:

Do not tilt or invert equipment that is working and is filled with essential oils;

Do not use other non-standard power supplies, the device only supports DC 5V adapter, otherwise, it will damage the equipment; Do not use the device in extreme environments such as high

temperature, excessive moisture or excessive humidity;

Do not install/place the device in an area that is easily accessible to children;

Do not place the device in an area with poor signal to prevent the device from being connected to problems and unable to control the device:

When Bluetooth connect the device, it is suggested that within 5 meters, to make sure the data transmission stable:

Do not add essential oil from the mist outlet, otherwise the machine will not be able to atomize normally, and the machine will be damaged if the situation is serious.

When replacing the essential oil, please pay attention to whether the gasket at the bottle mouth installation is detached or damaged. If it falls off or is damaged, it should be replaced in time:

If you do not use the machine for a long time, you should take out the essential oil and unplug the power supply;

Since the device itself has a certain weight, do not install the device in an unreliable place to prevent it from falling.
